REMARKS

Claims 112-141, 151-168, 185-216 and 226-243 are currently pending in the application. Claims 112-141, 151-168, 185-216 and 226-243 have been allowed, and the Issue Fee for this case was paid on May 6, 2005. Please note that this is a correction of the date given in the previous facsimile of today, which gave the date "May 9, 2005". At the request of Ms. Pinkney, a "Listing of Claims" (showing all the claims in the application, with an indication of the current status of each) is not being provided.

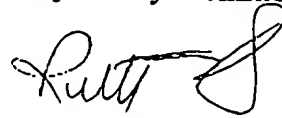

Further to a second telephonic request by Kay Pinkney of the United States Patent & Trademark Office on May 10, 2005, the present amendment under 35 U.S.C. 1.312 is being undertaken to correct language in the first paragraph of the specification, which deals with claims of priority. Applicant notes that this is the second such amendment, and it is Applicant's understanding that the present amendment will supplant the previous amendment (FAXed on May 7, 2005). The corrections involve removing the word "priority" and substituting the word "benefit", as well as including a reference to the relationship between the present application and US application 09/516,793 (divisional).

The application having already been allowed, Applicant submits that the application is now in condition for issuance. Should the application be found to be other than in condition for allowance, please contact the undersigned at 703-787-9400 (fax: 703-787-7557; email: ruth@wcc-ip.com) to discuss any other changes deemed necessary.

If an extension of time is required for this response to be considered as being timely filed, a conditional petition is hereby made for such extension of time. Please charge any deficiencies in fees and credit any overpayment of fees to Attorney's Deposit Account No. 50-2041.
